EDUCATION

Malla Reddy College of Engineering and Technology B.Tech in CSE-AIML (Artificial Intelligence and Machine Learning)2025 CGPA : 7.38	Hyderabad, Telangana 2025
ABV Junior College Percentage: 97.4%	Jangoan,Telangana 2021
Telangana State Model School CGPA : 9.7	Jangoan, Telangana 2019

PROFILE SUMMARY

- Enthusiastic learner with a strong foundation in Artificial Intelligence and Machine Learning
- Adept at applying Python and SQL for data-driven problem-solving
- Passionate about building real-world applications using modern ML and NLP techniques..

TECHNICAL SKILLS

- Programming : Python, Java, SQL
- Framework : HTML, CSS
- Databases: MySQL
- Machine Learning
- Tools: VS Code, Git, GitHub, Canva

PROJECTS

Diagnosis of Alzheimer's Disease using CNN

Objective : Improved accuracy of Machine Learning models using CNN, specifically targeting coronal brain scans

Responsibilities :

Designed and trained convolutional neural networks (CNN) to classify MRI images.
Achieved improved accuracy by using coronal view datasets.

Auto Correction Grammar Using NLP

Objective : Built a grammar correction system using Natural Language Processing (NLP).

Responsibilities :

- Implemented machine learning algorithms for customer management and predictive tasks.
- Enhanced system efficiency through automation.

CERTIFICATIONS

Python Certification - Coursera-

Machine Learning Certification – Coursera

Database Management with MySQL

Cambridge Certification-English LSRW Skills

ACADEMIC ACHIEVEMENTS

- Winner - State Level Science Talent Test (District Level) - 1st Prize
- NMMS Merit Scholarship Holde
- Science Fair - State Level Participant
- Winner - Current Affairs (State Level) - 1st Prize
